

Exhibit

By this Form 316, Brewer Media Group, LLC seeks Commission consent to re-distribute its membership interests, removing positive control from James L. Brewer. While Mr. Brewer obtained positive control pursuant to a December 2020 redemption and distribution by the company of the membership interests granted by the Commission on December 30, 2020 by LMS File No. 0000130034, through the addition of a new member, he will once again relinquish positive control of the company. This transfer is a gift from parents to their daughter, so there is no consideration.

This Form 316 is appropriate for this transaction because less than 50% of the voting interests in the company are being transferred and because James L. and Vicki Brewer were previously passed on by the Commission as part of a Form 314 assignment of license (see CDBS File No. BALH - 20020326AAS, granted 5/20/2002).
