

WAIVER REQUEST

This engineering statement is prepared on behalf of (Radio Cantico Nuevo, Inc. RCNI.). RCNI propose a to make a minor change to their construction permit FM translator W232CY Parsippany, NJ.

Facility ID 141372 . RCNI proposes to change the E.R.P., the antenna pattern, and change antenna location to ASRN 1207042. This proposal is within the service contour of station WQHT and WXNY see channel study attached RCNI is requesting for a waiver of section 74.1204 of the rules towards stations WQHT and WXNY. The signal level at the site of RCNI worst case scenario is WXNY fm station is a 68 DBU (50,50) the translators interfering contour is 40 DBU (50,10) which together would be the worst-case scenario 108 DBU (50,10). See attached contour map. Using the undesired-to desired method for the purpose of determining lack of interference for an FM translator. The proposed interfering contour with respect to station WXNY is 108 DBU See attached FREE SPACE STUDY RCNI interfering contour doesn't touch the ground or population the antenna which is mounted at 31 meters a.gl.. RCNI is respectfully requesting a waiver.
