

FCC Form 303-S
Public Inspection File

KLQB(FM), Taylor, TX (the “Station”) believes that it generally has met the requirements in Section 73.3526 of the FCC rules to upload documentation required to the online public inspection file by the applicable deadlines, but reports the following in an abundance of caution.

A candidate ad for Bloomberg for President was uploaded seven business days after the contract was finalized. The employee responsible for the upload reported that she experienced technical issues with the FCC site.

KLQB(FM) and commonly-owned station KLJA(FM), Georgetown, Texas simulcast the same programming and their issues/programs lists are prepared by the same employee. The KLQB(FM) Quarterly Issues/Programs Lists for the 1st, 2nd and 3rd quarters of 2014 and the 4th quarter of 2016 incorrectly identified the station as “KLJA(FM)” in the body of that report.
