Amendment :

Non-discriminatory advertising certification question corrected to yes.
Adherence to Minimum Operating Schedule: corrected to yes.

There was a Silent STA Request LMS File # 0000041827, which was rescinded with no explanation. This occurred when the project was being handled by a different consulting firm.

The station filed for a License to Cover application LMS File # 0000122055 on 9/23/2020.

To the best of my knowledge and belief the station was operating within the rules.

Sincerely,

Susan Hansen

RE: license renewal question

To stcl@comcast.net <stcl@comcast.net>

No renewal will be granted until they resume operation. The grant is not automatic, I suggest when you file resumption let us know so someone can grant the renewal.

Subject: license renewal question

Hi Hossein:

In the situation where a station is silent for whatever reason and a renewal has been filed. It is my understanding that the license renewal grant won't actually occur until the station has resumed operation.

Is this correct?

Is the license grant automatic at that point or do we have to request it?

It seems that these stations will appear to be in limbo so to speak.

Thanks, Susan
