

Disclosure Statement

Public Inspection File

Based on the licensee's review of the station's online public file in the course of preparing for this renewal application, certain items were found missing from, or untimely uploaded to, the file:

- The station's issues/programs lists for the third and fourth quarters of 2013, all four quarters of 2014, all four quarters of 2015, the first, second and fourth quarters of 2016, and all four quarters of 2017 were found missing from the file. These reports were located and uploaded to the file on March 22-23, 2021.
- The station's issues/programs list for the third quarter of 2016 was also found missing from the file but could not be replaced. The licensee believes the station aired locally responsive programming during that quarter, but no issues/programs list covering the station could be located.
- No issues/programs lists were created or uploaded for the fourth quarter of 2018 or the first quarter of 2019 because, as discussed below, the station was silent during the entirety of those quarters.

The licensee is reviewing its existing training methods and will work to ensure that station staff are focused on uploading all required public file information promptly.

Periods of Silence

KESO was off the air from September 7, 2018 to June 11, 2019 due to emergency replacement of its antenna structure. The station also suspended operation on February 11, 2021 due to lack of staff and programming. It resumed operation on March 21, 2021.
