

**East Texas Media Association, Inc.  
KBJ5 (FM), Jacksonville, TX (Facility ID No. 18259)**

**Public File Exhibit**

The Online Public File for KBJ5 (FM) is currently complete. However, several Quarterly Reports from 2013 to 2015 had not been timely uploaded. Those Reports could not be located following the departure of the employee formerly responsible for maintaining the station's physical Public File. They were subsequently re-created from other program records and are now in the Online Public File. In addition, Licensee undertook a thorough review of its other Quarterly Reports to ensure they contained all required information and added some missing time and duration data where needed. Those revised Reports were also uploaded to the Online Public File in a subfolder.

Licensee has taken additional steps to ensure that Quarterly Reports are uploaded on time with all required information. This has included providing supplementary training for staff now charged with preparing and uploading documents to the Online Public File along with enhanced management oversight of the process.
