

Exhibit

Online Public Inspection File Certification

CMG NY/Texas Radio, LLC (“CMG”), licensee of the station that is the subject of the instant application (the “Station”), hereby certifies that except as described herein, the Station has timely placed in its online public inspection file all documents required to be placed in the file by 47 C.F.R. § 73.3526 and otherwise has complied with the Commission’s public inspection file requirements in all material respects.

On December 17, 2019, the license for the Station was transferred to the station’s current owner pursuant to a long form transfer of control application.¹ CMG notes that with the long-form ownership change, the current owners are not liable for violations of the prior licensee. However, out of an abundance of caution, CMG discloses that under the previous ownership, a time brokerage agreement was not uploaded in a timely fashion and the upload of the 2018-2019 EEO Public File Report was late by one day.
