License Renewal Application  
Estate of Albert Benavides, Deceased  
Christina Benavides, Heir-at-Law and Next-of-Kin

#### OWNERSHIP REPORTS DURING THE PREVIOUS LICENSE TERM

There have not been ownership reports filed during the previous license term. The brother of the deceased licensee was under the impression that ownership reports were not due for individual licensees who were natural persons. The most recent ownership report was filed by the brother of the decedent licensee in 2013.

An application for involuntary assignment of license to the Estate of the decedent licensee has been filed and after that application is acted upon, a post-assignment ownership report will be filed, and the daughter and brother of the decedent licensee have been fully informed of the post-assignment and biennial ownership report filing obligations.
