

### **KKVV Online Public File**

All of the required documentation is currently included in the KKVV online public file. Two of the quarterly issues/programs lists were posted slightly late, however. Specifically, the issues/programs list for the second quarter of 2018 was posted two months late, and the issues/programs list for the first quarter of 2019 was posted one month late.

Additionally, documentation of four purchases of political time for the Biden presidential campaign was inadvertently posted late, at the same time as the timely posting of documents related to the fifth political advertising order for the Biden campaign. These documents were maintained in paper format by the station's small staff, but the online posting was inadvertently omitted until the time of acceptance of the final such order on Friday, October 30.
