[KTSL Antenna Height Above Average Terrain \(H...pdf\)](#)

Art,

I have used the HAAT calculator on the Audio Division website and the HAAT should read 191 meters. I have attached the print out from that website.

The Community of License coverage exhibit states "198" meters, that should read "191" meters the same as the HAAT calculation above

Thank you!

David Velasquez

Subject: [EXTERNAL] KTSL, Medical Lake

Mr. Velasquez:

Please give me a call regarding the minor change application, File No. 0000122394, for KTSL(FM), Medical Lake, WA (FAC ID 63869). My telephone number is (703) 876-1618.

Thank You
Arthur Doak
