

### **Online Public Inspection File**

WOGC-CD rebroadcasts content aired on commonly owned station WOOD-TV, Grand Rapids Michigan (Facility ID No. 36838). The requisite materials were timely provided in the WOGC-CD<sup>1</sup> online public inspection file with the following exceptions:

1. From 4Q 2014 to 4Q 2015, the commercial limits quarterly certification was included as part of the quarterly children's television programming report. In each instance, the station certified it was in compliance with the FCC's commercial limits requirement.
2. When political advertisements aired on WOGC-CD they were contracted for on behalf of WOOD-TV, and the relevant documentation was continually uploaded to the WOOD-TV political subfolder on the online public inspection file. In an abundance of caution, WOGC-CD has since uploaded these political documents to its public online inspection file and will continue do so on a going forward basis.
3. Information related to the non-candidate advertising placed by Enbridge Energy Limited Partnership that ran on the Station from February 15, 2021 to March 28, 2021 and from March 29, 2021 to May 16, 2021 was not uploaded to the public inspection file until April 27, 2021.
4. Information related to the non-candidate advertising placed by State Solution, Inc. that ran on the Station from March 8, 2021 to March 14, 2021 was not uploaded to the public inspection file until April 27, 2021.
