**Online Public Inspection File**

Regents of the University of New Mexico, licensee of noncommercial educational radio station KUNM(FM), Albuquerque, New Mexico, reports the following with regard to the timely placement of an item into the station's public inspection file. The KUNM online public inspection file is now complete with all required items, but one (1) annual EEO public file report (for 2018-19) was uploaded late to the file during the current license term due to an oversight. Importantly, however, as it became aware of this issue, KUNM moved this item into the station's online public inspection file. KUNM regrets the delay in the appearance of this report in the online public inspection file, but believes that the station's online public file is now complete and includes all required materials.
