Public File

In preparing its license renewal filing, the Station conducted an audit of its online public file. Certain material was not timely uploaded to the online public file as detailed below:

- 1Q 2016 Children's Programming Report was filed on 4/12/2016 due to internet and computer problems.
- 4Q 2013 Commercial Limits Certification was uploaded on 4/9/2014.
- 4Q 2013 Issues and Program Report was uploaded on 4/9/2014.
- 2014 EEO Public File Report was uploaded on 9/8/2014.
- 2017 EEO Public File Report was timely placed in the online public file as an exhibit to the EEO Mid-Term filing submitted on 5/31/2017. The station placed a separate copy of the 2017 EEO public file report in the Additional Documents/EEO Public File Reports folder on 5/17/2018.

The Station is committed to uploading political file material as soon as possible consistent with Commission guidance. In reviewing the political file material uploaded over the past two-years, the Station determined that a limited number of orders were not uploaded within one business day. The licensee provided training for staff responsible for uploading political file material to the online file in March 2020 to reinforce the importance of uploading all political material promptly.
