RE: Assignment of Authorizations (File Number: 0000139115)

DTV America Corporation (FRN: 0019866425) is the permittee of the facilities listed in the Assignment of Authorizations application (File Number: 0000139115). Due to a technical issue in the Licensing and Management System (LMS) platform, the assignment application incorrectly lists the Assignor as HC2 Broadcasting, Inc. instead of its affiliated entity DTV America Corporation.

DTV America Corporation has been in communication with the Assignee of the stations listed below, and the Assignee acknowledges that the facilities are, in fact, owned by DTV America Corporation, as currently reflected in LMS following an administrative update:
