

KGFN, Goldfield, Nevada
Fac. Id. 175110
License Renewal Application
Online Public File

KGFN has responded “no” to this certification for the following reasons.

The station’s 4Q 2013 – 2Q 2016 issues/programs lists were not available to upload to the public file when the station transitioned to the online file in early 2018 because the computer hard drive where they were being maintained and stored had previously crashed.

During the transition to the online file in early 2018, some of the issues/programs materials for the four quarters in 2017 were not uploaded until 5/23/2018. The 1Q 2018 issues/programs report was also uploaded late on 5/23/2018. The 2Q 2018 issues/programs list was uploaded late on 8/7/2018. The 3Q and 4Q 2018 issues/programs lists were not uploaded until the fall of 2019.

During preparation for renewal, KGFN discovered an oversight in uploading issues/programs lists, and on 5/18/2021, uploaded all issues/programs lists for 2019 and 2020, and the 1Q of 2021.

KGFN has taken remedial steps and conducted training with employees to ensure that all online public file materials are timely uploaded going forward.
