

### Multicast Disclosure

WSOC Television, LLC (“CMG”), licensee of WAXN-TV, Kannapolis, North Carolina, proposes to: (1) transition its current primary ATSC 1.0 independent programming to WBTV(TV), owned by Gray Television Licensee, LLC and (2) commence ATSC 3.0 operations from its current facility. The WAXN-TV primary programming stream will retain its PSIP 64.1 virtual channel number. Additionally, to ensure no loss of over-the-air programming to the general public, CMG will transition WAXN-TV’s three secondary/multicast program streams to two other stations in the market and will also maintain the PSIP virtual channels for those streams. Specifically, CMG will move two of WAXN-TV’s ATSC 1.0 subchannels – 64.2 Get TV and 64.3 Court TV Mystery – to WAXN-TV’s sister station, co-owned WSOC(TV), Charlotte, North Carolina. The third WAXN-TV ATSC 1.0 subchannel – 64.4 Laff – will be moved to WCNC(TV), Charlotte, North Carolina, which is owned by TEGNA, Inc. WSOC(TV) and WCNC(TV) will accommodate WAXN-TV’s three ATSC 1.0 programming streams along with their existing ATSC 1.0 primary and secondary multicast program streams. To comply with the Commission’s requirements, applications for WSOC(TV), WBTV(TV), WCNC(TV) and (also WJZY-TV, owned by Nexstar, Inc.) to be carried in 3.0 format on WAXN are being filed contemporaneously with this application.

For clarity, WAXN-TV’s multicast channels will be hosted in 1.0 as follows:

| <b>Network</b>   | <b>RF Channel of 1.0 Host(s)</b> | <b>Virtual Channel (No Change)</b> |
|------------------|----------------------------------|------------------------------------|
| Get TV           | 19.3                             | 64.2                               |
| Court TV Mystery | 19.4                             | 64.3                               |
| Laff             | 24.6                             | 64.4                               |

CMG is airing notices to over-the-air viewers of WAXN-TV that it intends to discontinue ATSC 1.0 operations and begin broadcasting in the NextGen TV standard on WAXN-TV beginning June 15, 2021, and to instruct all over-the-air viewers to tune to Channel 64 to continue receiving programming in the ATSC 1.0 standard. MVPD notifications have been sent notifying all affected systems of these changes in compliance with Commission rules.
