

Multiple Ownership Compliance

KOTX(FM) is not home to a rated market, and Licensee and its sole member, Xavier Cantu, have no other ownership of broadcast stations. Licensee is, however, the programmer of KZSP (FM), South Padre Island, Texas (Facility ID 56473) pending the consent of the Commission to the assignment of the station. KZSP is located in the McAllen-Brownsville-Harlingen, TX radio market, and its transmitter facilities are located more than 150 miles from the KOTX proposed tower site, resulting in no overlap of the primary contours.

For these reasons, the proposed modification complies with the multiple ownership rules.
