6) **Total # of Interviewees Referred:** For the period from March 23, 2019 through March 22, 2020, this Employment Unit interviewed 8 interviewees for full-time job vacancies.

7) **Supplemental Recruitment Initiatives.** List and briefly describe the Supplemental Recruitment Initiatives undertaken during the period covered by this Report.

(a) **Initiative:** **WALTON A. FOSTER MEMORIAL SCHOLARSHIP FUND**

The Employment Unit established in 1999, and continues to fund the Walton A. Foster Memorial Scholarship through Angelo State University, San Angelo, Texas. The scholarships are awarded to a junior or senior Communications/Journalism major at the University during each fall and spring semester. We continue to receive thank you letters from recipients indicating how they have been able to pursue their goals in these fields due to having received the scholarships.

(b) **Initiative:** **INTERN PROGRAM**

The Employment Unit conducts an internship program that is available for students referred by the Angelo State University Communications/Journalism Department interested in learning more about a career in broadcasting. Interns will typically spend nine to twelve hours per week at the stations or on location with station personnel during live broadcasts, gaining a broad and general overview of the radio broadcast industry. Interns are able to participate in discussions and planning for music programming, promotions, and public service, as well as hands on operator experience if they so desire. Upon successful completion of a semester as an intern with Foster Communications Co., Inc., students earn credit toward their degree. Station personnel involved in the internship program include the Operations Manager (for on-air programming internships), General Sales Manager (for sales internships), and Office Manager (for administrative services internships). On-air programming interns are also under the direct supervision of one of the station's program directors, and work with the entire programming staff, and also have interaction with the sales and administrative staffs. The internship initiative has resulted in the hiring of some of its participants on a part-time basis, to allow them to continue learning and gaining experience in the broadcast industry, while completing their education. Interns have also gained broadcast employment in other markets where they have taken full-time broadcast jobs, including as news reporters. During this reporting period, the Employment Unit regularly contacted Angelo State University's Communications Department to check on the status of the department's needs, and to let the department know of openings on our programming staff. Unfortunately, the Employment Unit did not receive internship references from the University during the reporting period and therefore did not host interns.

(c) **Initiative:** **JOB SHADOWING PROGRAM**

In May and June 2019, a student majoring in broadcast journalism at the University of Oklahoma participated in a job shadowing program at the Station Employment Unit, where he learned practical experience in sports broadcasting, and gained skills necessary for broadcast employment.

(d) **Initiative:** **PARTICIPATION IN JOB FAIRS**

The Employment Unit participated in the following job fairs during the reporting period:

1. Angelo State University Career Fair, September 11, 2019
2. Angelo State University Career Fair, October 15, 2019
3. Central/Lake View HS Job Fair, November 6, 2019
4. Angelo State University Career Fair, January 29, 2020

At each event, Employment Unit staff provided information about career opportunities at Foster Communications and were available to answer questions about broadcast employment.

(e) Initiative: PARTICIPATION IN MOCK INTERVIEW PROGRAM

On November 19, 2019, Employment Unit personnel participated in the Angelo State University mock interview program, which was designed to help students hone skills necessary to gain employment in a variety of fields, including broadcasting and communications.

(f) Initiative: PARTICIPATION IN EVENTS/PROGRAMS SPONSORED BY EDUCATIONAL INSTITUTIONS

1. On April 16, 2019, the Employment Unit's Operations Manager participated in a communications class at Angelo State University on Radio in the Real World, which included a question and answer session addressing career opportunities in radio.
2. On September 11, 2019, the Employment Unit's Vice President/General Manager participated in an Applied Leadership Class at Angelo State University, on the topic of radio management and leadership, which included a question and answer session addressing career opportunities in radio.
3. On September 17, 2019, the Employment Unit's sports/talk host participated in a communications class at Angelo State University on Sports Broadcasting, which included a question and answer session addressing career opportunities in radio.
4. On February 17, 2020, the Employment Unit's Vice President/General Manager participated in an Applied Leadership Class at Angelo State University, on the topic of radio management and leadership, which included a question and answer session addressing career opportunities in radio.

(g) Initiative: ORGANIZATION AND PARTICIPATION IN EDUCATIONAL PROGRAMS AND OPPORTUNITIES

The Employment Unit offers weekly broadcast opportunities to high schools in the San Angelo Independent School District. Lake View High School students visit our studios on a regular basis, where they meet with on-air personalities, producers, and program directors, and record a report on happenings at Lake View High School which airs each week on our station KIXY-FM. Opportunities and careers in radio broadcasting are discussed during visits.

END OF REPORT

If your organization regularly distributes information about employment opportunities to job applicants and would like to receive notification of job vacancies with our company, please notify:

Katie Apperson, Business Manager
Foster Communications Co., Inc.
P.O. Box 2191 San Angelo, Texas 76902

Phone: 325-949-2112 Fax: 325-944-0851
E-mail: katie @ fostercommunications . us
