

Daytona State College
WDSC-TV, New Smyrna Beach, Florida (Facility ID 12171)
FCC Form 2100, Schedule 303-S
E/I Symbol

Daytona State College cannot certify complete compliance with the E/I Symbol carriage rules for WDSC-TV. In January 2020, the Commission extended the E/I Symbol requirements to Non-Commercial Educational stations, including WDSC. Since that time, the E/I Symbol has appropriately appeared on the vast majority of WDSC's programming. However, two older, syndicated children's programs WDSC airs appeared without the E/I Symbol after January 2020. Those programs did carry the TV-Y symbol.

WDSC has recently completed a major graphics system replacement. The new system interfaces with WDSC's automation and program scheduling system. The transition to the new system took almost a full year to complete. With its new graphics system in place, WDSC will fully comply with the E/I Symbol requirements going forward.
