

## EXPLANATION OF REASON FOR AMENDMENT

On May 27, 2021, Bible Broadcasting Network, Inc. ("BBN"), acquired KNKT(FM), Armijo, New Mexico (see File No. 0000141085.) The Commission also granted an application (File No. 0000141086) to convert KNKT to noncommercial educational ("NCE") status. KNKT suspended operations as of the consummation date, so that BBN could install equipment and configure the station for NCE operation. This process has now been completed and the station has resumed operations using the call sign "KYFV." BBN requested special temporary authority (File No. BLSTA-20210528AAE) and today BBN requested that the pending request be dismissed as moot.

This application is being amended to change the response to the "silent station" question from "no" to "yes."
