

**SUPPLEMENTAL ENGINEERING STUDY FOR
BROADCAST INDUSTRY GROUP LLC
PINE BLUFF, ARKANSAS
May 2021**

This supplemental engineering study was performed to illustrate compliance with the FCC broadcast station ownership rules at 47 CFR 73.3555 and supplements a previously prepared contour overlap ownership study dated March 15, 2021. Broadcast Industry Group LLC will have an attributable ownership interest in KCAT, Pine Bluff, Arkansas, KLRG, Sheridan, Arkansas and KJJI, White Hall, Arkansas whose 5 mV/m daytime groundwave contours overlap. Seven additional commercial stations licensed to High Plains Radio Network ("HPRN") are under LMA by Broadcast Industry Group, LLC with applications for transfer pending. As shown on the attached map none of those have city-grade contours which overlap KCAT. Those stations are:
