Hello Victoria

Wow. I did Not know Luis had resigned especially in Dec 2020. As on Dec 20th 2020 My other half had a major Stroke and I have been her caretaker since she was released from the hospital in March 2021. At some Point during this Time frame

I had received a call from (Tom?) an Engineer at the FCC... I told him all that was happening. and Left it up to Him and the FCC to decide. what to do since that First application, and Radio Alerta Not notifying the FCC about and Entire change of Board members, also that the new Group was Based in Miami. For a New Jersey LPFM. I had attempted to reach out to Luis with No Response. I had Told (Tom?)

As far as I knew Luis was still President of RA, and gave him the Contact info. and Left it at that Point, To let me know the status. I was in the Redbank / Hazlet area last week 6-11-2021. to this day WXDP-LP has not been heard on the air since they filed for a License to Cover.. several months ago I received a Call from a local engineer for Commercial station that WUPC-LP was Putting out a Birdie/spur on 107.1Mhz. I verified this, tried to contact Paul Kost to let him Know I was Turning the station Off. I got No reply with No Reply. since I own al the gear. I turned the station off, and this resolved the spur/Birdie on 107.1 vanished. I tried to Notify him so he could file a Silent STA this time. dealing with My other half and Her Stroke( paralyzed on her Left Side) I dont have Time for their games. I am surprised that Luis resigned.and It was Luis that requested that I write up that Draft for him, and If he was ok with it to sign it. He was not Forced to do anything. These people never ran the station correctly. and that He never notifed me. As I told(Tom?) As far as I knew Luis was still President of RA. now that I have seen all this. and Their attempt to Toss me under the Bus. thats Fine. I know the Truth. I had Told Paul Kost Jr? the son, That If they Find a new location I would Build them the new site and requested that My son be on the Board, since he lived local, But I guess not.. The site( Property) On Cooledge Radio Alerta (richardo reyes) Sold it to the Rabbi that has WJUI-LP. I just manage the site, But own the Tower thats On it. Just note Luis Resigned in Dec 2020, the Letter and all this Started back in May 2020 Luis was still President of RA. And Authorized me to Block the applications, He told me write the Draft , and He agreed, and Signed it. I just love how they technically are accusing me of Stealing the station.. I am done with them.

Respectfully Submitted

Mr. Alpert—While reviewing old emails, I saw this and have not received the original response you refer to or the mailed copy. I will review it when the paper copy comes because I am not sure this format is consistent with Commission requirements. I am sharing it with the parties from WUPC-LP. If you have any questions, please respond by email with all parties copied. Thank you.
