

Narrative for License renewal error in filing Issues Program reports for Four Corners Broadcasting LLC.

The issues program files for all of 2020 and the first quarter of 2021 were not filed by the due date as we were operating with a very limited staff and this was overlooked by the person responsible for this task. All efforts are being made to correct this operation.

A state regarding the late filing was uploaded to the public file on August 9, 2019 after discussions with the help desk. (case number 494773)
