

Amendment

One or more radio stations that are the subject of the instant applications will have a renewal pending before the Commission during the time that the applications are pending. Consistent with the Commission's policy permitting consummation of a multi-station transfer of control or assignment overlapping with a renewal cycle, Alpha, as assignee, hereby assents to succeeding to the place of the current debtor-in-possession licensees for any pending renewal applications for those radio broadcast stations over which Alpha will acquire control consistent with the Plan and upon emergence from bankruptcy.
