Online Public Inspection File

Regents of the University of California, licensee of noncommercial educational radio station KZSC, Santa Cruz, California, reports the following with regard to the timely placement of certain items into the station's public inspection file. The KZSC online public inspection file is complete with all required items, but two (2) quarterly issues and programs lists (2020 Q3 and 2019 Q2) were uploaded late during the current license term. KZSC regrets the brief delay in the upload of these items, but believes that station's online public file is now complete and has been substantially compliant throughout the license term.
