

Extraordinary Circumstance  
For Special Temporary Authority  
K14NR-D Ch19 Tyler, TX

K14NR is seeking to operate on Channel 19. Due to a legal dispute with American Tower, K14NR has not been able to modify it's current configuration on the tower to Construction Permit 0000130041, K19LQ-D. As a result, K14NR's Construction Permit on Channel 19 expired on 6-28-2021. The dispute with American Tower has now been resolved. K14NR wishes to operate an STA on Channel 19, while seeking a new minor Modification Construction Permit to it's license on Channel 14. Rural East Texans rely on over the air television for news and entertainment. The area would be well served by an improved signal from K14NR.
