In preparing its license renewal filing, the Station conducted an audit of its online public file. It determined that the following material was not timely uploaded to the online public file. The station's records indicate that they experienced technical difficulties with the FCC's online public file in attempting to upload the documents:

- 4Q 2014 Issues and Program Report was uploaded on 1/13/2015.
- 4Q 2015 Issues and Program Report was uploaded on 1/12/2016.
- 1Q 2017 Issues and Program Report was uploaded on 4/11/2017.
- 2Q 2018 Issues and Program Report was uploaded on 7/11/2018.
- 3Q 2019 Issues and Program Report was uploaded on 10/11/2019.

The Station is committed to uploading political file material as soon as possible consistent with Commission guidance. In reviewing the political file material uploaded over the past two-years, the Station determined that certain orders were not uploaded within one business day. The licensee has re-trained all staff responsible for uploading political file material to the online file and designated back-up staff to assist when there is a high volume of orders to ensure political material is uploaded promptly
