

### **Online Public Inspection File**

Station KHYZ(FM), 99.7 MHz, Mountain Pass, California, was the subject of a “long-form” assignment from KHWY, Inc., Debtor-In-Possession, to Heftel Broadcasting Company LLC, which was consummated on August 31, 2017. See FCC File No. BALH-20170519ACA (Form 314). As set forth in the Instructions to Form 2100, Schedule 303-S, if the station license was assigned or transferred during the subject license term pursuant to a “long-form” application on FCC Form 314 or 315, the renewal applicant’s certifications should cover only the period during which the renewal applicant held or controlled the station’s license. Consequently, the certifications in this renewal application and the associated Form 2100, Schedule 396, relate to the period commencing on August 31, 2017.

Note the following regarding the “No” response to this certification: “Licensee certifies that the documentation required by 47 C.F.R. Section 73.3526 or 73.3527, as applicable, has been uploaded to the station's public inspection file as and when required.”

The station’s community of license is geographically located within the Victor Valley, California Nielsen Metro Market (Rank #114); the station is also measured within the Las Vegas, Nevada Nielsen Metro Market (Rank #30). Each of the Quarterly Issues-Programs Lists for 2014, 2015, 2016 and 2017 were uploaded to the station’s OPIF on March 12, 2018. The licensee uploaded to the station’s OPIF, in an on-going timely fashion, each of the Quarterly Issues-Programs Lists for 2019, 2020 and 2021 (to date), as well as the timely upload of the Fourth Quarter 2018 List. To the extent the March 1, 2018 OPIF transition date for non-top 50 markets was applicable to the station, the other Quarterly Issues-Programs Lists for 2018, as well as the two Quarterly Lists required post-transfer for 2017, were uploaded late (the 2017 Third and Fourth Quarter Lists were uploaded 11 days after the March 1, 2018 transition deadline; the First, Second and Third Quarter 2018 Issues-Programs Lists were uploaded in February 2019).
