Silent since 2014

**Notification of License Expiration**

Dear Licensee:

Based on information provided by licensee's counsel to Video Division staff, the stations referenced above have been silent since 2014. Therefore, pursuant to section 312(g) of the Communications Act of 1934, as amended (Act),<sup>1</sup> the stations' licenses expired as a matter of law in 2015.<sup>2</sup>

This letter provides you 30 days to provide evidence<sup>3</sup> that the stations returned to the air with authorized facilities prior to their one-year silent anniversary at some point in 2015. Further, if such evidence is provided, the stations must also provide evidence of their operational history since resuming

---

<sup>1</sup> See 47 U.S.C. §312(g); *Eagle Broad. Group, Ltd. v. FCC*, 563 F.3d 543 (D.C. Cir. 2009); *A-O Broad. Corp.*, Memorandum Opinion and Order, 23 FCC Rcd 603 (2008).

<sup>2</sup> Section 312(g) of the Act provides that if a broadcast station fails to transmit broadcast signals with its authorized facilities for any consecutive 12-month period, then the station license granted for the operation of that broadcast station expires at the end of that period, notwithstanding any provision, term, or condition of the license to the contrary, except that the Commission may extend or reinstate such station license to promote equity and fairness. 47 U.S.C. §312(g).

<sup>3</sup> This evidence must indicate precise dates, the location, effective radiated power and antenna height above ground level for **all periods of operation**. Also include copies of all leases, personnel records (including payroll records appropriately redacted to protect the privacy of individual employees), engineering records, and station records, including EAS logs, for all periods. In addition, you must provide copies of all invoices, bills, checks written or received, credit card charges, wire transfers or deposits of funds relating to the Station's operation. In addition, if the Station uses accounting software to maintain financial records, provide printouts of the data recorded for this period. You **must also include pictures** of the Station's studio facilities and transmission facilities during this timeframe, and provide exact Station coordinates.

service, in order to demonstrate that at no point after that date were the stations silent for a consecutive 12-month period. If you fail to provide such documented evidence within 30 days from the date of this letter or provide a showing that reinstatement is warranted pursuant to the equity and fairness provision of section 312(g),<sup>4</sup> the Commission's public and internal databases **WILL BE MODIFIED** to indicate that the broadcast licenses for the referenced stations are **EXPIRED**, that the stations' licenses are **CANCELED** as a matter of law, and that the stations' call signs are **DELETED**. Furthermore, all pending applications will be **DISMISSED**.

Finally, we note that it is imperative to the safety of air navigation that any prescribed painting and illumination of the station's tower be maintained until the tower is dismantled. Accordingly, the owner of the towers where the referenced stations' transmitting antennas are located is required to maintain the tower in the manner prescribed by our rules and the terms of the cancelled licenses.<sup>5</sup>

<sup>4</sup> See e.g., *A-O Broad. Corp.*, Memorandum Opinion and Order, 23 FCC Rcd 603, 617, para. 27 ("This limited, discretionary provision is phrased as an exception to the general rule that most affected licenses will be forfeited"). The Commission has exercised its authority to reinstate an expired license to "promote equity and fairness" only where the station failed to provide service for 12 consecutive months due to compelling reasons beyond the licensee's control. See, e.g., *V.I. Stereo Communications Corp.*, Memorandum Opinion and Order, 21 FCC Rcd 14259 (2006); *Community Bible Church*, Letter, 23 FCC Rcd 15012, 15014 (MB 2008); *Mark Chapman, Court-Appointed Agent*, Letter, 22 FCC Rcd 6578 (MB 2007). The Commission has declined to reinstate licenses where the failure to transmit a broadcast signal was due to the licensee's own actions, finances, and/or business judgment. See, e.g., *A-O Broadcasting*, 23 FCC Rcd at 617, para. 27; *ETC Communications, Inc.*, Letter, 25 FCC Rcd 10686 (MB 2010); *Kirby Young*, Letter, 23 FCC Rcd 35 (MB 2008).
