Re: Analog License Cancellation
DK29DF, Ukiah, CA
Facility ID No. 65099

Dear Former Licensee:

This is with respect to the above captioned station. Section 74.731(m) of the Commission's rules provides that:

After 11:59 p.m. local time, [[July 13, 2021], low power television and TV translator stations may no longer operate any facility in analog (NTSC) mode and all licenses for such analog operations shall automatically cancel at that time without any affirmative action by the Commission.¹

Commission records indicate that you failed to file a digital construction permit for the station and its license automatically canceled at 12:00 A.M. (local time) on July 14, 2021.

Accordingly, pursuant to section 74.731 of the Commission's rules, 47 CFR § 74.731, the license for the above captioned station **AUTOMATICALLY CANCELED**, its call sign has been **DELETED**, and any pending applications have been **DISMISSED**.² All authority to operate the station has been **TERMINATED**³ and any operation of the facility **MUST CEASE IMMEDIATELY**.⁴

Sincerely,

/s/

Barbara A. Kreisman
Chief, Video Division
Media Bureau

¹ 47 CFR § 74.731(m).

² This letter is being sent as a courtesy. Cancellation of the station's license and deletion of its call sign by Video Division staff in the Licensing and Management System (LMS) is an administrative function and does not constitute an official Commission action. See *Media Bureau Reminds Remaining Analog Low Power Television and Television Translator Stations Without Digital Construction Permits to File Immediately in Order to Ensure A Successful Digital Transition*, Public Notice, DA 21-684 (rel. June 11, 2021) (*Reminder Public Notice*); 86 FR 32262 (June 17, 2021). As a courtesy, the *Reminder Public Notice* was sent to the licensee's address of record via USPS first class, certified mail.

³ See 47 CFR § 74.731(m).

⁴ We remind the Licensee that pursuant to section 73.1740(a)(4) of the rules, it must continue to adhere to the requirements in the former station's authorization pertaining to lighting of antenna structures. See 47 CFR § 73.1740(a)(4).
