

### **Reason for Amendment**

Pretoria Fields Collective Media, Licensee of WPFQ, Sylvester, GA (Facility ID No. 66942) ("Pretoria"), and JetStream Media LLC ("JetStream") file this amendment at the informal request from Commission staff to make certain revisions to the Local Marketing Agreement ("LMA") between the parties that was previously submitted with this application. Accordingly, the LMA has been revised to remove i) language in Paragraph 3.1 referring to the payment of station operating expenses by programmer directly on behalf of the licensee; and ii) language in Paragraph 7.7 which stated that the programmer may seek specific performance of the LMA. An amended version of the LMA as signed by Pretoria and JetStream is now attached to this application.

Other than the items listed herein, no other changes have been made to the previously-submitted application.
