

FCC Renewal of License Application - Amendment

Station WKBD-TV; FCC Facility ID Number 51570; Detroit, Michigan

Purpose of Amendment

Applicant amended its pending license renewal application on July 27, 2021 to include the E/I Symbol disclosure below.

Applicant is again amending this pending license renewal application at the request of the FCC staff as one of the exhibits attached to the amended application was corrupted.

E/I Symbol

On July 15, 2021, The CW Network notified its affiliates, including WKBD-TV, that an episode of *This Old House Trade School*, a core E/I children's program that it provided to affiliates of The CW Network did not include the E/I symbol.

In order to ensure the program was broadcast with that E/I designation, station WKBD-TV re-broadcast the episode of that program at 12 noon on Sunday, July 18, 2021 with the E/I symbol displayed throughout the episode.

As a result of this matter, station WKBD-TV is revising its response to the "E/I Symbol" question on its pending license renewal application pursuant to this Amendment.
