

## W234AQ 106.1 MUNCY APPLICATION INFORMATION

This application proposes to modify BLFT-20070503ACT, the W234AQ License. This application proposes a different frequency, height, location, and antenna. Included as an exhibit is a map showing that this proposed location's 60 dBu contour overlaps the current Licensed 60 dBu contour of W234AQ. As such, a Minor Change is allowable.

It should be noted that this Application is for a Modification of Construction Permit (LMS 0000107798). This Construction Permit is being modified to eliminate any possible interference to the newly granted Licensed operation of W289CV, Garden View, PA.

It should be noted that this FM Translator proposal will rebroadcast commercial AM station WLYC, Williamsport, PA (Fac. ID number 52187). The W234AQ Licensee, Southern Belle, LLC, also operates FM translator W281AR, Williamsport, PA. It has little overlap with this proposal and has a different primary station (WEJS, Jersey Shore, PA) from this proposal and will continue to have a different primary station from this facility.
