

Contingent Application Agreement

Lee Family Broadcasting, Inc. ("Lee Family") licensee of stations KZDX(FM), Burley, ID, FCC Facility ID No. 42885, and KXCD(FM), Fairfield, ID, FCC Facility ID No. 164259, hereby files simultaneously with the Federal Communications Commission ("FCC"), pursuant to the Report and Order in MB Docket 05-210, 71 Fed. Reg. 76208 (December 20, 2006), an FCC Form 301 Application for KZDX(FM) and KXCD(FM) for Minor-Change Construction Permits.

KZDX(FM) is instantly proposing to substitute Channel 260C for Channel 228C at its currently licensed site at Burley, ID, to reverse an unimplemented channel change ordered in MB Docket 05-243. In order eliminate a short-spacing to nearby KXDC(FM) currently permitted to operate on Channel 260C, Lee Family contingently proposes the substitution of Channel 228C for Channel 260C at Fairfield, ID as part of an incompatible channel swap. See the Comprehensive Technical Exhibits attached to each application for more information on the incompatible channel swap.

Lee Family respectfully requests that the FCC staff simultaneously process and grant its contingent applications for Minor-Change Construction Permits.
