Online Public Inspection File

Tribune Broadcasting Company II, LLC, licensee of WHO-DT, Des Moines, Iowa, ¹ in its review of the online public inspection file notes that for the following quarters, the commercial limits certification information was included as part of a comprehensive quarterly issues/program/station participation document (each uploaded to the “Records Concerning Limits in Childrens Programs”). In each instance, the station certified it was in compliance with the FCC’s commercial limits requirement (including no airing of any children’s television programming serving the needs of children under 13 years of age).
