Dear Licensee,

This concerns the request to reinstate and extend license and silent authority filed Brenda Barnhart, Executrix, licensee of the above-captioned low power television station (Station). We are unable to process the request without additional information. Therefore, please provide the following information:

1. Since the station went silent, a detailed accounting of all steps taken to resume operations including dates for each action and supporting documentation. **Note: any operation on channel 45 after 7/13/20 should not be included in this accounting and does not constitute authorized operations for purposes of preventing automatic cancellation of a station's license under section 312(g) of the Communications Act of 1934, as amended.**¹
2. Since the station went silent, a detailed accounting of any and all compelling circumstances outside of your control that prevented the resumption of service including dates of each circumstance and supporting documentation. Please describe how such circumstance(s) directly prevented the station from resuming service.
3. A detailed accounting of what construction remains and a timeline plan of how and when you expect to complete construction and begin authorized operations.

Please file the above-outlined information in the form of an amendment to the request. You are reminded that all statements must be truthful and are being filed under penalty of perjury. **Failure to submit this information within 30 days of the date of this letter will result in the dismissal of the request and may also result in cancellation of the Station's license or enforcement action.**
