**ENGINEERING REPORT**

---

**KSBL, FM Minor Site Change for 269B (Isla Vista, CA)**

This is a simple re-filing of the expired CP – BPH-20180625ABI. The past CP exhibits included here are still valid. In fact, nothing critical has changed (there are no Section 73.207 changes since the June 2018 application that would impact the results, for example) since the CP filing.
