

Purpose of Amendment

The purpose of this amendment is to re-sign the licensee certifications of the application (that section was signed as the application was originally filed, but the signature was subsequently removed by LMS or some other party). Also, the title of the Honorable Karen Davenport, who was appointed by the court to sign documents on behalf of Choice Radio Corporation (“Choice”) and its principal, Jonathan Smith, is corrected to reflect that she is the Harlan County (Kentucky) Master Commissioner (not “Special” Commissioner), to reflect the terminology in the court order.

Also, Matthew McCormick, Esq., previously listed as a contact for Choice, no longer represents Choice, and so has been removed as a contact representative on this application.
