

This application proposes a minor change to KPPC-LP 10 meters above ground level on a 11 meter pole to be constructed adjacent to the current transmitter shed. With a power of 41 watts the distance to the 117 dBu contour is 62 meters. There is no population or public roads within the 117 dBu contour to the proposed facility. The distance to KAJA (FM) is 35 km. The request complies with section 73.807 (e)(1) of the Commission rules and respectfully requests a waiver.

Thank You

George Chambers
Director KPPC-LP
