To whom it may concern:

On November 1st, 2021, I spoke with Sue Cundiff, corporate administrator of Fisher Wireless, regarding rental of tower and rack space at their site on Cunningham Peak near Quartzsite, Arizona. Her telephone number is 1-760-922-4150. She affirmed that they have tower and building space available and would be willing to rent space to Advance Ministries if a CP is granted. She followed up with an email regarding our conversation.
