

Established Community Presence Exhibit

The Established Community Presence question in the Tiebreakers section of this application requires the applicant to enter a date showing when it qualified as “local” pursuant to 47 CFR Section 73.7000. The applicant, however, does not qualify as an established local applicant. Therefore, pursuant to FCC staff guidance, the applicant has entered the date this application is being filed and attached this exhibit to confirm it does not qualify as an established local applicant.
