To whom it may concern:

On November 8th, 2021, I spoke with Joe Meleski, VP of Vertical Bridge Broadcasting Division, regarding rental of tower and rack space at their site near Winslow. His telephone number is 1-812-430-3551. He affirmed that they have tower and building space available and would be willing to rent space to American National Radio Network if a CP is granted. He followed up with an email regarding our conversation.
