

Granted Application File Number Finding the Applicant Qualified

Pensacola Christian College Inc., the applicant herein, certifies that the Commission has previously granted a broadcast application finding Pensacola Christian College, Inc. qualified as a noncommercial educational entity with a qualifying educational program and certifies that Pensacola Christian College will use the proposed station to advance a similar qualifying program.

Specifically, Pensacola Christian College, Inc.'s application on FCC Form 340, FCC File number **BPED-19990518MB**, was granted by the FCC on April 24, 2007, for an original Construction Permit for a non-commercial educational FM station to operate on 89.7, Channel 209 at Princeton, Minnesota.

The facility was built, licensed (file number BLED-20100409ACB, covering BPED-19990518MB as modified by BMPED-20091013ABQ) and assigned the call sign KPCS, fac id 93446, and the license has been regularly renewed including the most recent license renewal application, file number 0000128518, for a new license term to April 1, 2029.

In addition, besides KPCS, the Commission has approved Pensacola Christian College, Inc.'s qualifications in applications in connection with the following full power non-commercial educational stations: WPCS, fac id 52230; KRRB, fac id 88927; and WRRD, fac id 172936. Further, Pensacola Christian College, Inc. is also licensee of 37 FM translators providing non-commercial educational programming.

Finally, Pensacola Christian College, Inc. is a well-known educational institution with a commitment to education spanning many years. Founded in 1974, Pensacola Christian College, Inc. is a private non-profit educational institution offering courses of study leading to Bachelor and Master degrees in a wide range of disciplines, with an enrollment of over 4000 students.
