

## Divestiture

Applicant has applied for a Class B 1 FM in Yorktown, Indiana. Applicant will divest WNAP Muncie (Facility ID 1724) which has operated at low power (65 watts) for the last 25 years. Muncie will be left with other AM and FM service. Applicant will further divest translator facility W268BJ to another Non Profit Organization or relocate the translator to serve another community if it receives a grant of the License for the new Class B1 NCE FM station at Yorktown. Upon Construction of a Construction Permit for the B1 FM Facility at Yorktown the Licensee will divest. Either by transfer to a yet to be determined student organization or Not For Profit or turning in the License after construction.
