

## Activist San Diego Request for Waiver of Mutually Exclusive Filing

ASD files this application for NEW NCE mutually exclusive to co-owned KNSJ Descanso, CA Facility ID: 172605. Since the FCC has not open this filing window for major changes, a new facility has been proposed co-channel to KNSJ because ASD desires to change the community of license of its broadcast facility to Dulzura, California. NEW NCE 60 dBu and KNSJ have overlapping 60 dBu.

ASD asks for waiver for this application, holding it in abeyance as mutually exclusive to KNSJ either as a pending application, or awarded construction permit, with the contingency then when NEW NCE is licensed, that co-owned KNSJ must cease mutual exclusivity with NEW NCE.
