

OWNERSHIP INFORMATION EXHIBIT

Pursuant to a request from the Commission's staff, the following is stated:

1. None of Saga Communications of New England, LLC's, interest holders are attributable under the Commission's Equity Debt Plus ("EDP") standard.
2. The approximately 65 percent of voting power figure for Edward K. Christian represents the percentage of votes that he holds in Saga Communications, Inc. ("Saga"), both with respect to the election of 5 of 7 directors and all other matters voted upon at the corporation's annual meeting. Two of the 7 director seats are voted on by Class A stockholders.
3. As noted above, Saga is the ultimate parent of the proposed assignee, Saga Communications of New England, LLC. Saga's corporate records reflect that at least 90 percent of the equity and voting interest holders are U. S. citizens and/or U.S.-organized entities. To the best of our knowledge, a very small percentage of the remaining approximate 10% could be owned by non-U. S. citizens or non-U. S.-organized entities because the shares are offered on the NASDAQ stock exchange.

Dated: October 13, 2021

The foregoing is true and correct to the best of my Knowledge.

SAGA COMMUNICATIONS OF NEW ENGLAND, LLC

Samuel D. Bush, Treasurer
