

KOB-TV, LLC is the licensee of TV translator station K21OG-D, Bayfield, Colorado, and it also is the licensee of full-power satellite television station KOBF(TV), Farmington, New Mexico (Facility ID 35321). K21OG-D, which originates no programming, solely rebroadcasts the signal of KOBF.

The instant application for renewal of the license of K21OG-D is filed because television stations licensed to communities within the state of Colorado have a license renewal application filing deadline of December 1, 2021, while television stations licensed to communities within the state of New Mexico (such as KOBF) have a license renewal application filing deadline of June 1, 2022. Therefore, this application is filed for K21OG-D as a “stand-alone” TV translator station.
