Exhibit

The reporting entity interprets the “percentage of total assets” (“equity plus debt”) as used in this form as seeking information about any parties, whose interests are otherwise non-attributable, who acquire attributable status as a result of operation of the “equity debt plus” rule (47 C.F.R. §73.3555, Note 2(i)). A “debt plus equity” calculation is inapplicable to this entity because no party holding a debt or equity interest in the reporting entity either (1) holds an attributable interest in a media outlet in the same market (other than the entity’s commonly owned properties) or (2) supplies over 15% of the total weekly broadcast programming hours of the station in which the interest is held.
