

Description of the Transaction Exhibit

This application seeks approval for a transfer of control of Northshire Communications, Inc. ("Northshire"). Northshire was controlled by A. Brooks Brown. Mr. Brown, for estate and business planning purposes, transferred 50% of his stock to his wife, Melinda Brown. In 2013, Mr. Brown passed away, and his stock passed to his estate. Because of an intra-family dispute over the distribution of the share and other matters, the stock remains in his estate. At the time of his death and until recently, the company did not have regular communications counsel, and did not realize that there was an obligation to seek approval for the stock passing to his estate. The dispute over the estate has been ongoing since his death, but it is now believed that the parties have agreed to a resolution of the dispute, and an additional 25% of the stock will be distributed to Melinda Brown, giving her positive control of Northshire as the single majority shareholder of the company. She will hold a total of 75% of the stock upon final approval of the winding up of Mr. Brown's estate. The remaining shares will go to children of Mr. Brown but, as Melinda Brown will be the single majority shareholder of the company, their interests will be nonattributable. Commission approval of Melinda Brown as the majority shareholder of Northshire is respectfully requested.
