

Filing Amendment to previously filed FCC application to Pecos, Texas.

Originally filed on 206 (89.1) and amendment now indicates 203 (88.5).

All members of group 158 are now cleared more than three channels away except for one. That one exception is also cleared. See Engineering Study for more details.

Another entity also filed for 203 (88.5). They are adjusting. They provided courtesy info. No consideration was promised or received, and no settlement agreement was required.

In regard to group 158, no consideration was promised or received for making this amendment.
